

## Premium Subsidy Application Abbreviated Plan Year 2014

Premium subsidies are available for household incomes up to 400% of the Federal Poverty Level for Abbreviated Plan Year 2014 (July 1, 2013 -- December 31, 2013). If your total household income is at or below the levels shown for your Household size in the following table, you may be eligible for a subsidy to reduce the premiums you pay. If you believe you qualify, complete this form and attach a copy of the most recent Federal Income Tax Forms 1040 (pages 1-2), 1040A (pages 1-2), or 1040EZ (page 1) filed by members of your household. After April 15, 2013, the 2012 Federal Income Tax Return is required. Information from tax returns shall be used for the sole purpose of determining premium subsidy benefits.

**Household size** is the total number of people who lived with you in 2012, and is not the number of individuals on your *AccessWV* policy.

**Household income** is the total income of everyone who lived with you in 2012 and who was included in the total number of people determining household size. Income includes Social Security or Railroad Retirement benefits, Child Support, Disability, Veterans', and public assistance benefits. Some types of income are not reported on your income tax return, but must be included and copies of documentation provided.
